HARDWARE, INSTALLATION & LICENSING

At SBA Music, we understand the importance of offering a **total solution**... so whilst our focus is on music, we have a number of strategic partnerships that ensure we deliver you a complete music strategy. This includes everything from hardware (such as amplifiers and speakers) through to install requirements, and advice and information on obtaining public performance licenses.

SERVICE

SBA Music offers prompt and friendly customer service, 7 days a week.

A TOTAL SOLUTION

To ensure you receive total satisfaction, our solution includes:

- AUDIOPLAY | S system
- Programmed music library
- Regular music updates
- A consultative approach

For more information, please contact one of our representatives today on 1800 025 687.

IMPORTANT: Business environments using music require Public Performance Licenses from APRA & PCCA. For more information see ►►LICENSING BODIES►► information.
