HARDWARE, INSTALLATION & LICENSING

At SBA, we understand the importance of offering a **total solution**... so whilst our focus is on music, we have a number of strategic partnerships that ensure we deliver you a complete music strategy. This includes everything from hardware (such as amplifiers and speakers), through to install requirements, and public performance licenses.

SERVICE

SBA Music offers prompt and friendly customer service, 7 days a week.

A TOTAL SOLUTION

To ensure you receive total satisfaction, our solution includes:

- VIDEOPLAY | SPX system
- Programmed music library
- Regular music updates
- A consultative approach

For more information, please contact one of our representatives today on 1800 025 687.

IMPORTANT: Business environments using music require Public Performance Licenses from APRA & PPCA. For more information see ►►LICENSING BODIES►►
